

Genotoxicology & Cancer: Science Challenges  
Solved by Transdisciplinary Collaboration

Organised by the French Society of Genetic Toxicology (SFTG)

“Welcome to Rennes!”

### Exhibition & Sponsorship Opportunities

Dear Colleagues & Friends,

The European Environmental Mutagenesis and Genomics Society (EEMGS) is an important and significant vehicle for the advancement of the science of mutagenesis and genetic toxicology for industry, regulatory bodies and academia in Europe. Its structure is based on National Societies, of which French society SFTG, is one of the most active.

Rennes “The perfect location”

Boasting international reach, Rennes is the largest higher education centre in the north-west of France with 66,000 students. Working closely with companies and with over 5,000 researchers, this ecosystem fuels high-level research and innovation. In addition, Rennes is just 90 minutes from Paris and less than hour from both SaintMalo and bay of Mont Saint-Michel.

Ranked as the best French city for quality-of-life by a European study, Rennes is reputed for its rich cultural calendar, the diversity of its heritage, its contemporary art programme and its vibrant student scene. The capital of Brittany is easily accessible from all European capitals thanks to the many destinations offered by its airport and we are only 90 minutes from Paris via the upgraded high-speed rail link (LGV).

We expect over 200 delegates to attend the meeting. Over recent years we have developed particular initiatives to encourage the active participation of young scientists, with the aim to help developing the scientific leaders of the future.

As you can imagine, such a conference is impossible to be organized without external funding, which has become increasingly challenging. We therefore hope you can support the Society by becoming a Meeting Sponsor, Exhibitor or Advertiser.

## Conference Topics

- DNA repair and chromosomal integrity
- Genotoxicity of nanomaterials
- Advance in Radiotoxicology
- High Content Screening in Genotoxicity
- Mixture effects
- New in vitro models in genotoxicology
- Epigenotoxicology and transgenerational effects
- Advances in genotoxicity testing
- Mutational signatures
- Adductomics
- Mechanisms of carcinogenesis

**Congress Venue**  
 EHESP School of Public Health,  
 15 Avenue du Professeur Léon Bernard,  
 35043 Rennes, France

The EHESP School of Public Health in Rennes is located close to the Rennes I and Rennes II university campuses and the University Hospital complex. The School has a landscaped campus covering 9 hectares, with 7 buildings arranged in teaching zones, offices, laboratories, restaurant and accommodation with catering facilities. It is close to bus services and the metro.

## Exhibition Area

The meeting exhibition will run from Monday 20th to Thursday 23rd May 2019. It will take place in the Grand Patio on level 2. This spacious area is located close to both the amphitheatre and the poster board presentations. Coffee and lunch breaks will take place in the exhibition area in order to encourage foot fall to the stands and maximize networking opportunities.

## How can I get involved?

### Exhibition

Book a 3m x 2m space in the exhibition hall to showcase equipment of interest to delegates. 1 free registration pass is included which gives you access to the meeting rooms where you can listen to the sessions and get up to date information in your field. Cost: €1500

### Sponsor the Welcome Reception

On Sunday 19th May there will be a welcome reception for all attendees. Interested companies can sponsor this event and we will make available a small exhibition area nearby for you to display a promotional banner of your choice. Price on request

### Sponsor the Gala Diner

On Wednesday 22th May there will be a Gala Dinner for all attendees. Interested companies can sponsor this event. You will be asked to provide your company logo which will be displayed on each table. Price on request

### Sponsor a Scientific Session

Interested companies can sponsor a session in the programme. Acknowledgement will be given to the sponsor by the chair at the beginning of the session and a slide from the sponsor will be included at the beginning and at the end of the presentations. Cost: € 1000

### Advertise in the delegate handbook

Book a full page colour advertisement in the program booklet which is given to all delegates. Costs are:

€1500 (inside cover – front page)

€700 (full page)

€400 (half-page)

### Flyers in the conference bag

Distribute a flyer in the conference bag. These are pre-inserted into each delegate bag. You will need to design and ship x250 flyers to the conference venue. Cost: €300

### Congress Bag

Interested companies may provide their own bags. You will need to provide x250 bags and ship to the conference venue in advance of the meeting. Cost: €700

*If you can think of another way you would like to support the meeting which is not listed above, please get in touch to discuss: [ludovic.lehegarat@anses.fr](mailto:ludovic.lehegarat@anses.fr) or [eemgs@affinityevents.co.uk](mailto:eemgs@affinityevents.co.uk)*

## What do I do now?

If you already know how you want to support the meeting, fill in the form on pg 4 and email to: [eemgs@affinityevents.co.uk](mailto:eemgs@affinityevents.co.uk). We'll let you know what we need from you and what happens in the run up to the meeting.

If you want to discuss a new way to offer support or have a question about the meeting, please get in touch and ask.

47th Meeting of the EEMGS • May 19-23 2019 • EHESP School of Public Health, Rennes, France

## Exhibition & Sponsorship Reservation Form

By completing this form, you are registering your intent to support the EEMGS 2019 meeting. Please fill in your details below and send to [eemgs@affinityevents.co.uk](mailto:eemgs@affinityevents.co.uk) to book your stand space and/or sponsorship. Once signed, this reservation form will be used as the basis of your invoice from the EEMGS.
